

# Test to Protect – Schools and Child Care Settings

These measures are designed to slow the spread of COVID-19

**Every day:** Follow core [public health measures](#)

**If your child develops the following symptoms and has not recently recovered from COVID-19:**

**New or worsening cough**

or

**Two of:**

- Fever
- Shortness of breath
- Sore throat
- Runny nose
- Headache

## **Isolate and Test**

Use a home rapid test [backtoschool.ednet.ns.ca/kidcovidtest](https://backtoschool.ednet.ns.ca/kidcovidtest)  
You can also make an appointment to pick up a rapid test at <https://www.nshealth.ca/coronavirustesting>

OR

You may choose to schedule a PCR test [nshealth.ca/coronavirustesting](https://www.nshealth.ca/coronavirustesting) if your child has any of the following conditions:

History of prematurity < 29 weeks, chronic lung disease (including chronic lung disease of prematurity), Cystic Fibrosis, severe asthma, Downs Syndrome, Motor Neuron Disease, Multiple Sclerosis, Myasthenia Gravis or Obesity

## **Positive Rapid Home Test or Positive PCR Test**

Your child has tested positive for COVID-19.  
Refer to [www.nshealth.ca/testedpositiveforcovid](https://www.nshealth.ca/testedpositiveforcovid) for more information.

## **Negative Rapid Home Test**

Keep child at home, continue to monitor symptoms and repeat the test in 48 hours. If the second test is negative, they may return to school/ childcare if symptoms are resolved or improving, and there is no fever for 24 hours. Call 811 if symptoms continue.

## **Negative PCR Test**

Return if they are feeling better with no fever and only mild symptoms for 24 hours.

# OR

**Only one mild symptom other than cough**

**Stay home if unwell and use a home rapid test if you have one.**

Return to school/childcare when feeling better and no fever for 24 hours. For new or worsening symptoms, see above.

[backtoschool.ednet.ns.ca/kidcovidtest](http://backtoschool.ednet.ns.ca/kidcovidtest)

**Positive Rapid Home Test or Positive PCR Test**

Your child has tested positive for COVID-19. Refer to [nshealth.ca/testedpositiveforcovid](http://nshealth.ca/testedpositiveforcovid) for more information.

**Negative Rapid Home Test**

Your child can go to school / child care when feeling better and no fever for 24 hours. However, your child must do another test 48 hours after the first one.

**What if my child has been told they are a close contact?**

Information for COVID-19 close contacts is found at [www.nshealth.ca/closecontactchild](http://www.nshealth.ca/closecontactchild)

If your child recently recovered from COVID-19, please stay home until symptoms are resolved or improving. Public Health does not recommend testing for individuals recovered within the past 90 days.
